Two day National Workshop on Research Report Writing, on 17-18th , February 2017 at Rajagiri College of Social Science

(Autonomous),

Hill Campus, Kalamassery,
Ernakulam, Kochi-683104.

Organized by

School of Library and Information Science, RCSS
in association with Kerala Library Association
Ernakulam Region.

About the Workshop

The concepts of “quality in research”, “reviewed research” and “reviewed publications” are discussed widely and we understand that only reviewed and indexed research pieces qualify for the ratings and rankings of Universities and Institutions. It becomes essential to bring a large number of ‘reviewed’ research papers from Indian institutions, not only just to keep a good ranking, but also to ensure a high level scholarly environment in the country. As a yardstick to measure the research contributions and research impact of individuals, research publications reflect the character of the innovative research, and it is critically looked by agencies and institutions in deciding funding, tenures, promotion and other related activities. The seamless dissemination of research output in the form of patents is also essential for the development of the society.

More specifically, the publications indexed in the databases such as Scopus and ISI Web of Science are considered in the global level, where a large number of Indian papers are not accepted in

ranked journals and many researchers do not gain an understanding of producing better content. Publishing the papers in peer-reviewed and internationally indexed journals is increasingly important, which will increase researchers' index and wide acceptance and academic profiling. This is also very important for the ranking of the institutions and the country. Through this workshop, we are trying to explain these issues.

Who can participate?

This workshop is mainly for faculty members, young researchers, academicians, librarians & scientists from Colleges, Universities, Research Laboratories and Scientific and Social Agencies. Anyone interested can also participate.

About Rajagiri College of Social Science (Autonomous), Kalamassery

Rajagiri College of Social Sciences (Autonomous) was established as a result of the indefatigable industry and foresight of the CMI Congregation. Rajagiri College of Social Science was accredited with 'A' Grade (3.70 out of 4) in 2013 by National Assessment and Accreditation Council (NAAC) of the UGC. The college has been conferred with Autonomous status by University Grants Commission in 2014. Rajagiri School of Social Work, started in the year 1955 was one of the pioneering institutions in south India, establishing programmes and setting standards in the field of social work education. The Social Work academic programs range from Bachelors to Doctoral programme. The presence of live labs in the campus add quality to education through experience

About School of Library and Information Science, RCSS.

The **BLISc** program was started at Rajagiri College of Social Sciences in 2005 and the **MLISc** program in 2014 in the wake of great demand in the present day business and education industries for Knowledge Managers. The school envisions delivering world class professionals in the field of Knowledge management for the ever increasing market for such managers. The BLISc and MLISc programmes offered at Rajagiri College of social sciences affiliated to the Mahatma Gandhi University equips the learners with the ability to function dynamically and acquire the requisite knowledge and skills to manage libraries and information systems. The school always has been keen to

conducting workshops, seminars and skill development programs for library and information science professionals and students.

About Kerala Library Association

Kerala Library Association (KLA) is an association of professionally qualified librarians formed on 13.11.1972. Since its inception KLA has been able to represent the interests of the qualified librarians working in different libraries, always with due foresight and objectivity, keeping in view the proper development of the libraries and library services in the state. The four Regional Committees functioning under able leaderships reported a surge in the activities in the respective geographical areas. As part of its mission of continuing education of librarians, the KLA Ernakulam Region has so far conducted various seminars, workshops etc. at national, state and regional levels as well.
