Global Social Work conference on
**Multi-Sectoral and Interdisciplinary
Responses to Health and Well-Being**
9, 10 & 11 January 2019

UGC — UKIERI Thematic partnership
Information dissemination Initiative

Conference will focus on the Sustainable Development Goal – 3: Good Health and Wellbeing; “Ensure healthy lives and promote well-being for all at all ages”

Conference aims to deliberate on integrated health and social care to ensure universal coverage across the life course through multi-sectoral and multi-disciplinary approaches. It looks at service level and organizational level integration through vertical and horizontal convergence to ensure person centered care and well-being for all. It emphasizes the importance of team work, integrated services, multi stage coordination, capacity building and good health governance. Social workers may be uniquely positioned to support an integrated care at community setting.

Objectives of the conference

1. Conference will deliberate on Health policies, integrated health care models
2. Enhance the knowledge of social work to develop sustainable models of care at all levels of prevention.
3. Facilitate cross cultural debates and practice responses to the difficulties experienced by public health care providers
4. Develop collaboration between various academic institutions to establish consortiums to do research and develop global models

Sub Themes

1. Living well with chronic diseases
2. Sustainable livelihood
3. Universal Health Coverage
4. Household health
5. Reducing effective Mental Health Treatment gap through scaling up psychological therapies
6. Health in educational institutions and work place
7. End poverty and hunger
8. Health economics
