

EBSCO –RESEARCH DATABASE TRAINING

The Research Database Training was held at the computer lab in the Carmel Hall on 4th September 2018. Mr. Nanda Lal TS, The training manager of EBSCO information service and IEE Xplore Digital Library was the Chief Guest, who was invited and welcomed with bouquet by the club members.

The Chief Guest, Mr. Nanda Lal TS commenced the event by bringing into light on how information can be retrieved via the EBSCO Database and how it can be used in research work. By his due instructions, the students were able to work on their PC's which enabled them to use the EBSCO database which provides over 600,000 e-books, articles, magazines, peer reviews, etc.

Later on, the event was concluded by Mr. Raveesh Krishnankutty, Professor of Rajagiri College of Management Studies who spoke on the various criteria's by which the current ratio is determined in a business. He also thanked the guest, faculty coordinators and the club member for their cooperation and coordination towards the event.

Overall the programme was a successful one and the students were promised of more such programs in the future which would help them in their academics as well as their research work.
